Dropping point	55 – 65 °C
Acid number	140 - 180
Saponification number	150 - 190
Density (20°C)	0,9 g/ml

Additional Information

All details are based on our current state of knowledge and are not transferable to other products. They do not constitute a warranty or guarantee of specific properties or suitability for particular applications. Each use of our supplied products must be tested in the respective application and checked for any existing property rights. Color and form of the product may slightly vary within a production batch due to the manufacturing process.
