Bone Glue

Article number: D10103

General Information

Origin	Bone glue is a concentrated collagen protein and has been used for centuries as a carpenter's glue. It is made from bone. It is a natural adhesive - non-toxic, environmentally friendly and free from preservatives.
Appearance	White-yellowish powder
Packaging	20 kg bags and small containers
Shelf life	60 months
Applications	Industrial application
Compliance	EU Regulation EC 853/2004, EC 1069/2009, EU 142/2011

Specification Values

Parameter	Value
Moisture content	≤ 15 %
Protein (Nx6.25)	ca. 860 g / kg
Fat (acid hydrolysed)	ca. 20 g / kg
Ash	ca. 20 g / kg
Moisture (chemical standard)	ca. 120 g / kg
Jelly strength (12.5%)	65 – 300 g
Viscosity (12.5%)	3.05 – 10 mPa.s

Additional Information

All details are based on our current state of knowledge and are not transferable to other products. They do not constitute a warranty or guarantee of specific properties or suitability for particular applications. Each use of our supplied products must be tested in the respective application and checked for any existing property rights. Color and form of the product may slightly vary within a production batch due to the manufacturing process.
